DISCLAIMER

These lists of potential PPE product categories suppliers are based on currently available information. The lists are preliminary, non-exhaustive and have not been validated by the EIC. References to individual products or companies are solely for information purposes. The lists do not constitute any endorsement or recommendation by the EIC of any specific product or supplier. Given the urgency of present circumstances, this information presents potential considerations for exploration and it does not constitute a recommendation on any specific course of action. Consider seeking advice of legal and other relevant certified/licensed experts prior to taking specific steps relating to these options.

These lists do not constitute policy advice or legal, medical or other regulated advice. Particularly in light of rapidly evolving pandemic, regulatory and market supply conditions, these materials are provided “as is” solely for information purposes without any representation or warranty, and all liability is expressly disclaimed, including as to the accuracy, completeness or usefulness of information; availability, compliance, design, efficacy, performance, quality, regulatory status or safety of any products; capability, capacity, compliance or quality of any suppliers or manufacturing operations; or non-infringement of any third party rights.
