

# LORD MINING P.L.C

## LORD MINING

EXPLORATION, EXCAVATION, QUARRYING OF MINERALS, WHOLESALE OF PRECIOUS.

LAPIDARY, INDUSTRIAL PROCESSING

GOLD, INDUSTRIAL MINERALS, CONSTRUCTION MATERIALS, COMMUNITY DEVELOPMENT

### INDUSTRY MATERIAL

- MALACHITE
- TANTALUM
- SULFURIC ACID
- SULFURIC ACID
- WATER PURIFICATION
- MINERALS
- IRON,COPER,ZINK,LID
- OPAQUE
- THIN(GOOD QUALITY)MARBLE & DOLOMITE

### PRECIOUS

- SILVER
- GOLD
- GEMSTONE

### CONSTRUCTION MATERIALS

- GYPSUM
- CERAMIC MATERIALS
- BASALT(BLACK STONE FOR AGRIGATE
- ALL MATERIALS FOR BUILDING

**Investment activity:** Mining Gold, Industrial material, Construction materials and Community Development

**Capital:** 10,000,000 Birr

- ❖ **Land Size:** about Gold land in secured area more than 2000hekte,14x18 km in the another regions .N.A the size of land surely above our calculation based on estimation mostly as we have seen mixed with different kind of minerals
- ❖ **Gemstone (precious stones)** Emerald, Ruby, Granite, Malachite, Aquamarine, and Citrine... etc. Above, around 2500 hectors., 2300,4000 hector, above 7x10 km in regional area of Ethiopia
- ❖ **Industrial Minerals,** Dear bear in your mind Ethiopia had not done enough exploration because of civil war and un colonized battle and surrounding situation, but our country is very rich in natural resource so industrial minerals available in so many place, Copper more

than 30% up to 68% additionally which mixed with zinc ,Cobalt, silver, tin, which has geological lab report. And..etc. Limestone pure white Marble, quartz, sulfuric acid good quality, and many others. Which have geological survey laboratory witness. Dolomite, Calcite, iron, magnesium and water purification minerals, mountain or big area covered and all high quality, **Lord mining has...more and more. Come honestly and legally we can work together above all to support the most poor community is our vision**

- ❖ **N.A:- our company has enough tangible information regarding minerals you can ask whatever you like. Don't regret our company officer ready to give you information.**
- ❖ **Uncultivated land** which has visibility study 6x13 km estimating actually above that, the land surrounding by big river and cross it small tributary and springs also available, cheap human labor, the community is more peaceful believing in **GOD** or trust **Waqaa** and followed him in their ways so their eligibility responsibility, cultural management and transperence is very high, need job, this area amazingly near to main transport road
- ❖ **Construction and building material production**, our company has negotiation with DBA (DEVELOPMENT BANK OF ETHIOPIA) on Lease machine.so we need only 20% foreign investor and a little admin cost. Near to Addis Ababa and in big town of Ethiopia where heavy construction work is going on, our desire to supply aggregates and sand 00.01,02,03mm further calcite and dolomite powders to the nearest factory, this business is very high profitable, we have enough quarry. Let us work together
